

ATT Training

Automotive (L1-3)

Hairdressing (L1-3)

Food preparation (L1-3)

Learning

The material is split into units, which are each further divided into modules and sections where necessary. This allows the material to be studied in bite sized chunks and in any order. The programs cover all qualification requirements.

Welcome

Computer based training is the future for colleges and training centres. Here at ATT we are already working with hundreds of providers and making their difficult job easier.

Our training solution is the answer to your problems.

Features and benefits

- ✓ Prep reduced or eliminated
- ✓ Self learning-individualised curriculum
- ✓ Assignments and self-assessments
- ✓ Multiple-choice questions linked to the learning
- ✓ Skills assessor to check skills and progress
- ✓ Key skills included for FREE!
- ✓ Animations, videos, voiceover, activities
- ✓ Master copy DVD to Centres
- ✓ Free web access
- ✓ Structured to match awarding body requirements (e.g. C&G, IMI, Edexcel, HABIA, VTCT)

Multiple-choice questions are included and when students answer incorrectly, they are automatically directed back to the learning material specific to the questions they got wrong!

A glossary and 'toolbox' are also built in. Interactive activities reinforce learning and make it more fun!

Resources

Our resource databases allow you to utilise many of the photos, videos and animations used to generate our learning screens.

Textbooks

Books are available for each student at a very competitive price. The textbooks match the multimedia learning material and include self assessment questions and learning tasks.

Skills assessor

By first 'ticking boxes' to show 'perceived' existing knowledge- and then answering questions to check it- this program will show the tutor and student where they need to concentrate their efforts.
